Office of UNION LABOR
532 Geary St. San Francisco.
San Francisco, Aug. 30, 1902

To the
Wiley B. Allen Co.,
931-933 Market St., San Francisco
951 Broadway, Oakland.

Gentlemen:—
Complying with your request of even date, will state that the semi-monthly publication known as "UNION LABOR" has been in existence for over four months, the same being edited by B. M. Vigoureux, Chas. E. Hayden, Business Manager.

It is beyond us to see how a concern such as Kohler & Chase, after having dealings with us, could publish any such statement.

The editorial which appeared in the Oakland "Tribune" under date of August 29, is an exact copy of that which appeared in our paper of July 8, and we will also state that said editorial was unsolicited by yourself and was wholly complimentary on our part.

Trusting that this statement will prove satisfactory to you and set you right in the eyes of the public we remain, gentlemen,
Yours very truly,
(Signed) B. M. Vigoureux,
Editor "Union Labor"
(Signed) C. E. Hayden,
Business Manager.

The following is an "editorial" which appeared in the last issue of the "Union Labor," and we proudly submit it herewith without any further comment.

LEADING PIANO DEALERS.

In this number we wish to call special attention to The Wiley B. Allen Co., extensive piano dealers, with headquarters at 931-933 Market street, San Francisco, and with branch stores and connections at Oakland, San Jose, Los Angeles, San Diego, Portland, Seattle and Salt Lake City.

This company has been unjustly attacked by Kohler & Chase as making misrepresentations in the conduct of their business. We wish to state that the Wiley B. Allen Co. is a well established institution, thoroughly organized, and fully equipped for a great business, and they are well known all over the country as being most friendly toward the cause of labor and the labor movement, and the thousands of workmen in the State should not overlook the fact that this company has been ever ready and willing at all times to co-operate with union men.

The management of this firm is in the hands of Wiley B. Allen, President; J. E. Whitney, Sec. tary, and Frank Ayrer, General Superintendent. The Oakland branch is under the management of L. G. Atkins. These gentlemen are all well known in business circles and are men of ability and strict integrity.

Upon careful investigation we find that the Wiley B. Allen Co.'s attitude toward its employees is manifestly fair and considerate, and the Company has a most excellent reputation among the thousands of organized workmen in this city and throughout the State.

We hope that their business will continue to increase and prosper, and we have no hesitancy in stating that the record of the Wiley B. Allen Co. has been clean and upright during this entire course of their business career.

B. M. VIGOUREUX,
Editor "Union Labor."

IN CONCLUSION: While we are not "old timers" yet we have been in business in Oakland for some time past, and since coming here our business has grown steadily and has reached such proportions that we have been obliged to lease the adjoining premises, so as to combine TWO STORES INTO ONE. That is why we are now conducting our BIG ALTERATION SALE.

THUGS BEAT SIERRA MAN IN BRUTAL WAY

Owen Williams Is Waylaid
on His Way Home and
Robbed of Money.

NEVADA, Cal., Sept. 2.—Owen Williams, a well known liveyman of Sierra City, was at the point of death at the result of injuries received at the hands of thugs at an early hour Monday morning. Williams had engaged in card playing in a saloon in company with several others, some of whom were intoxicated. The liveyman made quite a winning, leaving the saloon at midnight for his stable. Yesterday morning a teamster found Williams lying on the sidewalk unconscious, having evidently been waylaid four hours before. His skull was fractured, presumably from a blow with a heavy piece of iron. Two physicians from Sierra City, with Dr. Lavery of Sierra City, operated on the injured man, raising the broken bone of the skull, but no hope is entertained for recovery. He is an old resident of Sierra City and universally esteemed. Charles Sharkey and Nick Wade, two of the men who were engaged in the game with Williams, were lodged in the County Jail at Downsville today, being held on suspicion, the arrests being made at the instigation of the District Attorney.

Previous to the assault on Williams, Nick Prager badly beat up Sam Langford in a fight. Charles Sharkey afterwards used up Prager in a brutal manner. All were intoxicated except Williams.

SUPERVISORS OPEN BIDS.

(Continued From Page 1.)

Advertisement calling for said bids and the specifications referred to there are so worded as to be mathematically impossible to determine which is the lowest bid in the case of close bidding; that there is no basis established by the specifications on which to compare bids on the timbering part of the work; that such omission of a basis for comparison of bids is contrary to the methods always used in letting public work, and is not only unjust to bidders, but is a menace to public interests. For the reasons above stated, the respective withdrew my proposal, heretofore filed with your honorable body for said work.

"A motion to grant the request," said the chair, "will be entertained." "There is no request," said Mr. Talbot. "He simply withdraws his bid, though I have no objection to his withdrawing it."

Superior Church said he was in favor of allowing the bid to be withdrawn. He was in favor of allowing all the bids to be withdrawn if required.

Attorney George W. Reed said that there was no information in the lowest bid in that the proposed bid to give any price for material, which was called for in the specifications. He said he represented the bidders B. B. & A. L. Stone, whose bid, as a consequence of the omission in the lowest bid referred to, was the lowest regular bid, and they should be awarded the contract to build the tunnel.

Superior Church moved that the contract be awarded to B. B. & A. L. Stone. Superior Talbot said that he was not in favor of delay, but he did not think action should be taken until the Board should learn whether or not Contra Costa county was doing its share of the work.

Superior Rowe said that he had received a message from Superior Stone of Contra Costa county to the effect that the Supervisors over there had proceeded to open bids for the building of their part of the tunnel.

The matter was thereupon continued until tomorrow afternoon at 2 o'clock.

WANTS TO CARE FOR HER OWN ESTATE.
Celia M. Lindsay, an incompetent has petitioned through her nephew, James A. Plunkett to be restored to capacity. Wilbur Walker has been the petitioner's guardian for the last year. The will of the late J. E. Lewis, San Lorenzo, bequeathing \$3000 worth of property to his wife, has been filed for probate by Antonio Lewis, who is named as the executor.

NEW GRAIN DEAL.
SAN FRANCISCO, Sept. 2.—There will be no more regular calls for grain in the grain trade of the Merchants' Exchange. Continuous sessions will be held morning and afternoon, without chairman or voters, interested parties and members can transact their own business in the pit. The morning sessions will be from 9 to 11:30 o'clock and the afternoon sessions from 1:30 to 2 o'clock.

LOSS OF WEALTH DESTROYS MIND

LAWRENCE O'CONNELL, PIONEER,
WHO TWICE ATTEMPTED
SUICIDE SENT TO ASYLUM.

Lawrence O'Connell, who twice attempted suicide yesterday, owing to his extreme poverty and old age, was today committed to the Napa Asylum for the Insane by Judge Greene. During the testimony it developed that the old man, who is a miner, had been wealthy at one time, but for many years his fortune dwindled until \$7, which was found on his person, represented all of his earthly possessions. When questioned by the medical examiners, Drs. Medford and Farnell, O'Connell said that he would attempt suicide again if he got the chance. He attempted to throw himself into Lake Merritt yesterday and also made two attempts to do away with himself with a razor. He was found at his niece's home, corner Twentieth and Harrison streets, bleeding over a hole he had dug to receive the blood. It is thought that an old bullet wound received in the early morning was the cause of much of his suffering. He complained of pains in the head and said that he wished to rid himself of them by taking his life. On all subjects except suicide the old man was sane and intelligent. He came to California forty-eight years ago.

ROBBER SHOT A POLICEMAN IN HEART

OFFICER CAME UPON THE FELLOW SUDDELY AND WAS KILLED.

KANSAS CITY, Sept. 2.—At 2:30 this morning an attempt was made by two men to rob the Metropolitan Street Railway car barn at Tenth and Geary streets, Armourdale, Kas. Watchman Minkler was ordered to hold up his hands and was taken inside the office, but before the robbers secured any booty, Policeman J. W. Morris entered through the back door. Morris dealt one of the robbers a heavy blow on the head with his club, but was shot through the heart and instantly killed by the second robber, who escaped. Both robbers escaped.

John Johnson, a negro well known to the police, is being held for investigation.

INTEREST AMOUNTS TO THE PRINCIPAL.

N. G. Spaulding was today given judgment for \$350 principal and \$387.12 interest on a loan made eighteen years ago to J. M. Keller. When Keller obtained the loan he was in the drug business. On the day before the robbery secured any booty, Policeman J. W. Morris entered through the back door. Morris dealt one of the robbers a heavy blow on the head with his club, but was shot through the heart and instantly killed by the second robber, who escaped. Both robbers escaped.

Judge Hall this morning decided that Keller was owing to Spaulding \$732.12, being interest and principal for the eighteen years he has waited.

"DETECTIVE" McDERMID IS NOT PROSECUTED.

On motion of Prosecutor Leach in the Police Court this morning, the charge of petit larceny against Archibald McDermid was dismissed, on the ground that Mrs. E. M. Farnell, the complaining witness, refused to continue the case. McDermid was arrested some time ago at the instance of Mrs. Farnell, who accused him of stealing her watch. At the time it was shown that the defendant had been employed by her when an attention under the guise of a "detective," and later, in that of a sewing machine agent; and it was when he had free access to the house of Mrs. Farnell, that he charge him with stealing her watch.

TELEPHONE COLLECTOR IS RENDERED UNCONSCIOUS.

While riding his wheel last night along Eighth street on his rounds, William T. Canty, a collector employed by the Sunset Telephone Company, was thrown to the ground and rendered unconscious by striking his head against the sidewalk. He remained in an unconscious condition until taken to the Receiving Hospital, where he was restored.

DARING WORK OF TRAIN ROBBERS

PLUCKY MESSENGER SAVES THE MEXICAN TRAIN FROM BEING HELD UP.

TUCSON, Ariz., Sept. 2.—Reports have reached here of a daring attempt by three American bandits to hold up the International express on the Sonora Railroad, three miles from Hermosillo, on Sunday morning. The train was running through the orange belt just below Hermosillo, being due there at 10 o'clock, when the explosion of a torpedo on the track caused the engineer to stop. When the engine and cars had been brought to a standstill, three Americans stepped out from the shelter of a grove of trees and covered the engine crew. Two of the robbers then went to the express car and demanded admittance. The messenger replied with a volley of shots through the door, the bandits returning fire. Several of the passengers, learning the cause of the stop, started in pursuit of the bandits. The aid of the plucky messenger when the highwaymen became frightened and gave up their attempt, disappeared into the orange grove, where it was supposed they had horses in waiting. As soon as the train reached Hermosillo, a troop of rangers and a posse started in pursuit of the bandits. No confirmation of the reported hold-up has been given out by the railroad officials here.

DIEVES' ESTATE WAS APPRAISED TOO HIGH.

The estate of the late Joseph P. Dieves has been re-appraised at \$32,709.64. It was formerly valued at \$25,000 by the appraisers, but it was found impossible to sell any of the estate at those figures.

BIG SOCIAL FOR HAYWARDS.

HAYWARDS, Sept. 2.—The Boys' Club of the Congregational Church will give a novel affair, known as a Stock social in the church parlors on Friday evening, September 20. The program will open with a program of musical and literary numbers, most of which will be rendered by members of the club. Following this program will be the persons' stock show. Each person entertaining will be charged twice as many cents as is the number of their stock, and there will be any doubt in the mind of the ticket-seller as to the true statement of size, the person requesting admission will have to have his or her stock counted. The social will be performed by a committee appointed for the purpose.

WILL HAVE ELECTRIC TREE.

Colonel Nielsen of the Central Hotel is arranging an interesting feature for his guests, a "Electric Tree." He will decorate the large tree in front of his hotel with hundreds of electric lights of many colors. As the tree is of immense size, it will be a sight to behold. The house, the sight will be one of the finest features of the street decorations.

POOR PRICES FOR DRIED FRUIT.

A number of fruit men about Hayward dried considerable fruit this year in preference to selling at the low figures offered. The best price realized among the dealers for this class of fruit was about 1-2 cent a pound, or nearly 50 per cent. This is extraordinarily low and it has greatly discouraged the growers.

BUILDING THE FENCE.

A gang of Native Sons began work yesterday on the fence that will surround the fair grounds. Some thirty or forty members formed the working crew, while others took their places today and will continue the work. It is expected that the fence will be completed in several days, after which the stands for the bands and concessions will be erected.

RETIRED FROM BANK.

Miss Annie May, who has been connected with the Haywards Bank for a number of years, has resigned her position, which has been filled by Miss Anna Gray, daughter of George Gray. Miss Gray is an accomplished young woman and a graduate of the Haywards High School.

AWARDED INSURANCE ON SCHOOL.

Paul V. Garin, being the lowest bidder, was awarded the insurance on the High School building. The old school building at San Lorenzo was recently purchased by Kavanagh, Shroy and Gibson, a firm of well known local merchants.

PURCHASED DOLE PROPERTY.

M. C. Petersen has purchased the Dole estate and the sale was transacted by C. O. Prosser. A NOVEL CLUB. Paul V. Garin of this place has organized a watch club. The plan is an original one and already the club has a great many members.

RODE IN BIG RACE.

Nels Borree, the well-known rider from Hayward, rode in the big race which took place in San Jose yesterday. He made an excellent showing. BOUCHER IS BETTER. Victor Boucher, the Hayward man who was injured some time ago in San Francisco by the falling of a heavy timber, is now greatly improved and will shortly be able to resume his work.

MOTHER GIVES HER LITTLE ONE CARBOLIC ACID

Child Was Sick and the Mother Gave Poison by Mistake

NEVADA CITY, Cal., Sept. 2.—A mother's mistake resulted in the death of her child yesterday. Mrs. Felix Fornier, residing between Downsville and Sierra City, had been faithfully attending her young daughter, who was suffering with scarlet fever. During the night the mother arose to administer medicine to the child. In some manner she made a mistake in the bottles, giving the child carbolic acid. The child died a few hours afterward in terrible agony. The mother is prostrated, another child being down with scarlet fever. The home being quarantined prevents sympathetic neighbors rendering assistance.

BIDS OPENED IN CONTRA COSTA

INFORMALITY MAY GIVE TUNNEL CONTRACT TO NEXT TO LOWEST BIDDER.

MARTINEZ, Sept. 2.—Bids for the construction of the Contra Costa part of the wagon-road tunnel through the mountains, to connect with the tunnel from Alameda county were opened by the Supervisors here today. They were all based on the presumption that the whole of the tunnel would have to be timbered. They were as follows: A. B. Munson of Stockton, \$32,185. Healy & Tibbitts, \$39,242. San Francisco Construction Company, \$39,504. E. B. & A. L. Stone, of Oakland, \$41,260. Clark & Henry, Stockton, \$51,357. The bid of A. B. Munson & Company, which was the lowest did not make any offer for doing macadamizing.

There is an impression here that as a consequence of this failure to comply with all the requirements of the specifications, the Munson bid will be declared informal and the contract will be let to the next lowest bidder, Healy Tibbitts.

The length of the tunnel in this county is greater than that part of the proposed roadway in Alameda county. The Board is expected to decide to decide as to what action will be taken in the matter.

BERKELEY and STATE UNIVERSITY

Vaudeville Planned as Varsity Squad Begins Personal and Social
Benefit for Blue and its Practice for the Items Concerning
Gold Finances. Season. Berkeley People.

BRANCH OFFICE, 2121 STANFORD PLACE

TELEPHONE MASON 1761

BERKELEY, Sept. 2.—A vaudeville entertainment, in which some of the most prominent members of the under-graduate body at the State University will take part is being planned by Fred E. Reed, manager of last year's Blue and Gold. In order to make good a deficit of between \$600 and \$700, which lavishly expenditure upon the artistic work of the book has entailed upon the class, the cost of the book was over \$500. An enormous expenditure for such a publication. A heavy assessment was collected from the class beginning at the first of last year, and now many of the more prominent members of the class, refuse even to consider the proposition of a second assessment. As a result a vaudeville show to be given in the University gymnasium on September 26th, has been planned.

Among those who will appear at this time are Miss T. B. Howard and Lloyd A. Womble, who will present together a playlet, which they say yet have not selected. Milton Schwartz and Richard Waitford, truly will do some original turns. A Florida sextette, in which some of the young ladies of the student body will appear is also planned. The arrangements have not as yet been completed, and the management is not able to announce the full list of those who will take part.

THE HISTORY OF THE BLUE AND GOLD, the finances of which have turned out so disastrously, is an interesting one. The services of articles of international fame were secured for the book, and the illustrations appear the names of Howard Chandler Christy, Ernest Thompson-Seton, C. Allen Gilbert, Gustave Verbeck, Hamilton King, Gordon H. Grant, all of New York; Dorothy Stanlaw of Scotland; J. B. Harrison of Boston; and Miss Penny Y. Cory of Montana. The cost for such work proved too heavy a strain on the finances of the book, and a large deficit came as a necessary result.

SORORITY GIRLS RECEIVE FRIENDS AT CHAPTER HOUSE. BERKELEY, Sept. 2.—The Kappa Kappa Gamma Sorority gave an "at home" this afternoon, to which several hundred invitations were issued. The house on Durant avenue was decorated entirely in pink. The young hostesses were Miss Lucile Graves, Miss Lodi Graves, Miss Elsa Lichtenberg, Miss Edna Wendle, Miss Gwendolyn Matthews, Miss Anna Sherman, Miss Irene Hazard, Miss Gertrude Davidson, Miss Sarah Alexander, Miss Elsie Everson, Miss Bertha Holmes, Miss Elizabeth Sims, Miss Olive Tyeon, Miss Myrtle Sims, Miss Verona Morton, and Miss Elizabeth Reed.

VARSITY SQUAD HOLDS ITS INITIAL PRACTICE. BERKELEY, Sept. 2.—The Varsity football squad appeared upon the campus for the first time this afternoon. The initial practice was taken up with punting and running down on the ball. The field is not as yet in shape for practice in either tackling or falling on the ball, and will not be for two or three days.

With the Freshmen about one hundred men in all were on the field this afternoon. Among the candidates for the Varsity team were Stow, Gendotti, Overahl, Hudson, Mini, Moore, Whipple, Stroud, Sherman, Hendricks, Skinner, Phillips, Gastlich, Heilmuller, Howard, Wilson, Kelsay, Risley, Saelzler, Kitzel, Evans and Graves.

The athletic managers of the two universities have not as yet obtained grounds upon which they can play the big game on November 8th, Ezra De-oto of the State University favors leaving the grounds near the Sixteenth street depot in Oakland, while Manager Edwards of Stanford would prefer to see the game played in San Francisco. Failing in their attempt at securing grounds at either one of these two places, at reasonable rates, the game will be played for the next two years on the campus of the State University. The cost of preparing a suitable field and building bleachers is estimated at about \$11,000. The game will then be transferred to the Stanford campus and after playing there for two years, it will be played alternately at the University of California and Stanford Universities.

OILED ROADS DISTRIBUTE RUBBER TIRES. BERKELEY, Aug. 30.—One of the chief objections to the use of oil on roads is that it soon destroys the rub-

ber tires of the bicycles and carriages with which it comes in contact. Such is the opinion expressed by Professor Edmund O'Neil of the Chemistry Department of the State University, one of the foremost authorities on oil, and its use in the State.

Compared to the advantages which are obtained from sprinkling roads with oil, said Professor O'Neil in substance, this disadvantage is comparatively slight. Yet it is a fact, which is being proved every day in the districts using oil, that the tires of both bicycles and carriages are soon destroyed. The explanation is a very simple one. The oil acts as a solvent on the rubber, thus destroying the tires. The inconvenience is great, yet when the great saving in cost over sprinkling with water is considered, this phase becomes comparatively unimportant.

LABOR DAY PASSES QUIETLY IN BERKELEY.

BERKELEY, Sept. 2.—Labor Day passed in Berkeley without even an attempt at a celebration. The University and public schools suspended their exercises, and a few business houses were closed. A number of people left on bicycles for different points around the bay.

UNIVERSITY GRADUATE WILL ADDRESS STUDENTS.

BERKELEY, Sept. 2.—L. H. Tracy, a graduate of the State University, who has lately returned from a two-years' residence in Japan, will speak this evening at Stiles Hall on "The Place of Christian Missions." The address will be made under the auspices of the Young Men's Christian Association.

MRS. CLARK DIES AT BERKELEY HOME.

BERKELEY, Sept. 2.—Mrs. Mary Elizabeth Clark of 1759 Walnut street died Sunday at the age of 50 years. The deceased was a native of California and has lived for the last six years in Berkeley. The funeral was held at the family residence today. The remains were incinerated.

WILL LECTURE ON PROPER USE OF LIBRARY.

BERKELEY, Sept. 2.—A lecture on the library and the use of books will be given in the library of the State University by Librarian J. C. Rowell. The lecture is planned to give entering students some idea of the proper way in which to use the use of the library for reference work.

BERKELEY EPISCOPALIANS WILL RECEIVE FRESHMEN.

BERKELEY, Sept. 2.—A welcome to Freshmen will be tendered by the members of St. Mark's Episcopal Church tomorrow evening in the Parish House. A simple program has been prepared for the occasion. The affair will be very informal.

PERSONAL MENTION OF BERKELEY PEOPLE.

BERKELEY, Sept. 2.—Calros Reisig entertained a number of friends last night at his home on Chapel street, the occasion being his birthday.

Miss Elsie Worden was the hostess at a party given last night at the home of her parents, 2623 Telegraph avenue. Julian H. Arnold and Thomas W. Haskins left yesterday for China, where they go to take positions as student interpreters at the American legation in Peking.

Frank Slaker, who played full-back on Stanford Varsity football team last

year, is visiting at the home of Walter Whitlock in this city.

A "Riverside Reunion" was held yesterday. About thirty former residents of that city, who are now living in Berkeley, spent the day on Mt. Tamalpais.

Henry Dehm and C. J. Demorest of San Diego are visiting at the home of Harry Dehm, 2428 Haast street.

J. Nielsen of Hancock way and Sixth street is making extensive improvements on his property.

SAIL FOR CHINA AS STUDENT INTERPRETERS.

BERKELEY, Sept. 2.—Julian A. Arnold and Thomas W. Haskins, the two students of the State University, who recently were appointed as student interpreters at the American legation in Peking, sailed for China today, where they will enter immediately upon their new duties.

DR. REISNER TAKES ON PREHISTORIC EGYPTIANS.

BERKELEY, Sept. 2.—Dr. George A. Reisner, the noted Egyptologist, who for the past two years has been conducting excavations in the Nile valley for the Hearst Anthropological Museum of the University of California, delivered the first of a series of five lectures last night in Hearst Hall. His subject was "Prehistoric Egypt: Its Cemeteries of the Period Between 4000 and 3000 B. C."

Dr. Reisner said in part: "On the desert on either side of the cultivated valley we find an abundance of worked flints of primitive form and worn smooth and dyed black by milleniums of exposure. These have been assigned to the paleolithic period and have been accepted as proof of the existence of a paleolithic people. But of these people no other traces have as yet been found.

"The language of prehistoric Egypt contains a few words and a number of verbal and pronominal forms, which show that the semitic group of languages and the Egyptian language must have had a common stock. But the separation is far older than any material ever recovered in either Western Asia or Egypt, except possibly the paleolithic flints mentioned above.

Certain theories in regard to the wandering of the paleolithic ancestors of the Semites and the Egyptians have been constructed on the basis of the distribution of certain domestic animals—the cow and the ass. But the known material is insufficient. The only facts on which we can depend are that Egypt was inhabited in paleolithic times, and that the Egyptian language sprang from the proto-semitic stock in a time certainly older than the period we call prehistoric in Egypt.

"The prehistoric race was small and spare, dark skinned with straight, black hair and grizzly black beard. They present practically the same physical type as do the historic Egyptians."

Buggies and harness at the Kiel & Evans' clearance sale offers an opportunity to obtain the grandest bargains in this line ever offered in Oakland, 958-60 Broadway.

FRUITVALE MEN EXCHANGE BLOWS

W. J. SEELEY CLAIMS HIS PART NER WOULD HAVE KILLED HIM.

FRUITVALE, Sept. 2.—A lively fight occurred here yesterday between Ed Gellette and W. J. Seeley in which Seeley, who claims he was struck from behind, was worsted in a mix-up. The fight occurred on the newly opened road between High street and Fruitvale avenue. Seeley states that Gellette was in an intoxicated condition and while so had come up behind Seeley and struck him on the head. Falling forward, Seeley claims that Gellette jumped on him and would have killed him had it not been for Jake Miller and another man who was passing at the time. They pulled the infuriated man from Seeley who was bleeding and nearly unconscious on the ground. During the fight Seeley was kicked on the head and badly bruised and scratched about the body. Immediately upon being released from his partner, Seeley had Gellette arrested on a charge of battery. Seeley claims that Gellette would have killed him had not Miller intervened.

CHRISTIAN ENDEAVOR PICNIC.

The young women of the Christian Endeavor Society of the Congregational Church gave a picnic yesterday. They went to the hills in the vicinity of Lake Chabot where they passed an enjoyable day. Lunch was taken at the picnic and did not return until a late hour in the afternoon.

READ ALL THIS.

You Never Know the Moment When this Information May Prove of Infinite Value.

It is worth considerable to any citizen of Oakland to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

George Hoffmann, grocer and general merchandise, corner of Fifth avenue and East Sixteenth street, says: "I had piles, came under my observation some time ago. I knew from reading the Muscatine, Iowa, papers that city being my old home, that Doan's Ointment has been used in the vicinity amongst some of the best citizens and that the results obtained were so undoubted that I advised its use in the case referred to above. Doan's ointment at the time was asked for at the Owl Drug Store but they did not have it in stock and they sent East for it. I did its work thoroughly and well. Since then Doan's Ointment has been brought permanently before the residents of Oakland and I might add to the claims made for it that it can be depended upon to act just as represented."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States and Canada.

PAPA—Oh, what a pain! I believe I have a fever in the heart. MAMMA—Nonsense, it isn't your heart, it's your stomach. Every time you eat, this hot weather, you get a sour stomach full of hot gases and acids, and you swell up until your heart hardly has room to beat. If you were not so obstinate, you'd take my advice and keep your insides cool by taking a CASCARET Candy Cathartic every night before going to bed. They work while you sleep and keep you regular in the hottest weather.
